THAT AMOUNT IS WANTED FOR G. A. R. ENCAMPMENT.

Commissioners Will Extend Official Invitation When Sufficient Funds Are Guaranteed.

The question as to whether the forthcoming encampment of the Grand Army of the Republic shall be held in Washington seems to be a mooted one, so far as the attitude of the business men of the city. from whom must be expected funds for necessary expenditures, is concerned. There is a unanimity of feeling that the veterans of the Grand Army of the Republic will be accorded a royal welcome and a pleasant time should they hold their annual gathering at the national capital, but there is no disguising the fact that the financial conditions are vastly different from those in 18:2, when the encampment was held here. Mr. B. H. Warner said this afternoon that he had not yet formally accepted the chairmanship of the business men's committee, although he appreciated the honor highly. He said that he had met with a number of gentlemen who were interested and in favor of the project, and they all agreed that the expenditures for the proper entertainment of the encampment could reduced to a very moderate amount.

When the Commissioners Will Act. A vote, Mr. Warner_said, was passed at the meeting of business men held a few days ago against providing free quarters. In 1892 this was done by the people of Washington, and it involved an outlay of upward of \$100,000. The business men, he said, were also opposed to the free use of the school buildings in connection with the encampment. Mr. Warner said it had been deemed wise to have the sum of \$50,000 guaranteed before any other work was en-

President Macfarland of the board of District Commissioners said today that the question of the use of the school buildings was something entirely outside the jurisdiction of the board.

"It is something over which we have no control," he said. "After the encampment of 1892 Congress passed a law forbidding the use of any public buildings in the Dis-trict of Columbia for any other than busiress purposes." "Will the Commissioners extend an offi-

cial invitation as desired by Commander Israel W. Stone of the Department of the Potomac?" Mr. Macfarland was asked.
"The Commissioners will be very glad to extend an official invitation whenever a func sufficient for the proper entertainment of the encampment is subscribed by the business men or others of the District. AMUSEMENTS.
